

You are invited to become a Water Ambassador!

Do you....

Care about the environment?

Like to teach little kids?

Need Community Service Hours?

If you answered “yes” to any of these questions, become a Water Ambassador!

Find out more - meeting March 18, 2:45 room 5100

-

Ambassador Training Sessions: April 7th & 14th from 5:15 – 7:30 pm

4th Grade Assemblies: one day after school week of April 21st

4th Grade Classroom: one day after school week of April 27th

Ambassadors attend training sessions sponsored by the Douglas County Water Resource Authority where they learn about water in Colorado and Douglas County and then teach what they’ve learned to local fourth-grade students in Assemblies and classroom presentations at the elementary schools.

Imagine how much fun it will be to go back to your elementary school to teach kids from your own neighborhood about the importance of water! Imagine making a difference to the environment and community you live in.
